

HARRISON WEDDED TO MRS. DIMMICK

NUPTIALS SOLEMNIZED AT NEW YORK YESTERDAY.

The Marriage of the Ex-President Witnessed by But a Score of Invited Guests—Bridal Party Leave at Once for Indianapolis—Children Absent.

New York, April 7.—The marriage of Mrs. Mary Lord Dimmick to General Benjamin Harrison was solemnized at St. Thomas' church Monday afternoon at 5:45 o'clock. Dr. Wesley Brown, rector, officiated at the ceremony. The general's children were not present.

The marriage, which took place in the presence of twenty relatives and select friends of the bride and groom, was a very private affair. The guests as they arrived at the church were re-

ceived by E. F. Tibbitt, General Harrison's private secretary, and Daniel M. Ransdell, who was marshal at Washington during General Harrison's administration, and were seated in the front pews of the church.

At 5:20 o'clock Mrs. John F. Parker, the bride's sister, was escorted to the front pew on the left by Mr. Ransdell and simultaneously Mr. and Mrs. Pinchot were escorted to the front pew on the right by Mr. Tibbitt.

Governor Morton, attended by his military secretary, occupied the pew directly behind Mrs. Parker, and behind him sat Senator and Mrs. Stephen B. Elkins, John W. Foster and George W. Boyd of Pennsylvania railroad.

General Harrison left the Fifth Avenue hotel, accompanied by General

Benjamin F. Tracy, in a close carriage, at 5 o'clock and was driven to Rev. Dr. Brown's house on Fifty-third street. They passed through the house to the vestry, where they awaited the coming of the bride party.

The bride left the home of her sister, Mrs. John F. Parker, 40 East Thirty-eighth street, at 5:10 o'clock. She was accompanied by her brother-in-law, Lieutenant John F. Parker, who gave her away. They arrived at the entrance at 5:20 o'clock, and proceeded to the tower-room, where the bridal procession formed. They proceeded to the chancel, where General Harrison, accompanied by his groomsmen, General Tracy, received his bride. The ushers, standing to one side, faced the altar as the bride and groom stepped forward to the altar rail, where the rector, Dr. Brown, was waiting. Dr. George William Warren, organist of the church, playing the bridal music from "Lohengrin," and during the entire ceremony playing very softly Mascagni's intermezzo in the "Cavalleria Rusticana."

That portion of the matrimonial service known as the marriage service proper, the recital of which lasts only about fifteen minutes, was used, and immediately the blessing was pronounced General and Mrs. Harrison, followed by Mrs. John F. Parker and General Tracy, Mr. Tibbitt and Mr. Ransdell, Lieutenant Parker and Mr. and Mrs. Pinchot, walked down the aisle to the strains of the "Tannhauser" march of Wagner, and entering the carriages waiting at the entrance, the bridal party was driven to the residence of Mr. and Mrs. Pinchot, 2 Grammercy park, where light refreshments were served, and where the party donned traveling attire for the trip to Indianapolis.

Mrs. Dimmick's wedding gown was of pear gray gros gained silk. The skirt was plain, with a short train falling from the waist in full, soft folds. A Louis XVI. coat, opening in front over a full vest of white chiffon, with broad revers, draped with rare old Honiton lace, half a yard in width, extended down each side of the front and draped over the hips, forming a coat effect. The sleeves were long and end-

ing in a fall of lace at the wrist. Around the neck there was a plain collar of palest blue velvet, over which was entwined a roll of magnificent pearls, fastened with a diamond clasp, the gift of the bridegroom. She carried a large bouquet of lilies of the valley. The bonnet worn by the bride was a dainty French creation, composed of lace and blue velvet, with a white aigrette held in place by jewel pins.

The groom wore a well-made Prince Albert coat, worn closely buttoned, with trousers of dark gray. White gloves and a white silk four in hand tie completed his attire. He wore a boutonniere of lily of the valley.

Gen. and Mr. Harrison left the residence of Mr. and Mrs. Pinchot at 7 o'clock and were driven to the Desbrosses street ferry, driving directly on board the Pennsylvania ferry-boat, which left immediately for the depot, where the bridal couple entered the private car of President Frank Thomson, attached to the regular train leaving for Indianapolis at 7:50.

Immediately after the train pulled out dinner was served on the car. Gen. and Mrs. Harrison being joined by Lieut. and Mrs. Parker and Gen. Tracy, who accompanied the bridal party as far as Philadelphia.

Mrs. McKee Leaves Indianapolis.
Indianapolis, Ind., April 7.—Mrs. Robert McKee, daughter of ex-President Harrison, left here today for the east and was not present to receive her father and his bride when they reached home. The fact that neither she nor Russell Harrison attended the marriage is regarded as conclusive evidence of their distaste for their step-mother and their friends no longer make concealment of the fact that they are very much disappointed over the marriage.

WAITS FOR CLEVELAND.

Unfavorable Action by the President Will Determine Spain's Course.

New York, April 7.—A special to the World from Madrid says Admiral Sanchez Ocaña, commanding the great navy yard at Ferrol, on the extreme northwest coast, reports that he has completed preparations for sending to sea a Spanish squadron, composed of the following vessels: The ironclad Pelayo, the first-class belted cruiser Infanta Maria Theresa, Almirante Oquendo and Vizcaya. The second-class armored cruisers Reina Mercedes and Alfonso XIII. One torpedo destroyer. Seven fast torpedo boats.

These fourteen vessels carry in their crews nearly 6,000 men. This fleet left Ferrol today for gun practice in Arosa bay and will cruise along the northwest coast of Spain ready to start for Havana just as soon as the cabinet considers that circumstances require its presence in the West Indies. The Madrid press plainly says the movement of the fleet will depend upon the course of President Cleveland after the vote of congress on the belligerency resolutions.

Chauvin Mystery May Be Cleared.
Marquette, Mich., April 7.—Six years ago Charles Chauvin, a hermit living near Detroit, was found dead in his cabin with a hole through his body, evidently made with a charge of buckshot. Though living a hermit's life, he had once been active in business and was reputed to have accumulated an immense sum of money, which was believed to have been concealed about his home, as he distrusted banks. There was no clew to the murderer. Frank Lieski, a noted criminal, and now serving a fifteen-year term in the Marquette branch prison for highway robbery, is charged with the murder and is said to have weakened and promised full particulars if guaranteed immunity from punishment in the crime. He says he took part in the plot, but did not do the killing. His confederate fired the charge into Chauvin's body.

Iowa Legislature.
Des Moines, Iowa, April 7.—Both houses of the general assembly put in steady work Monday clearing the calendar. In the house the following senate bills were passed: Making opium joints nuisances; punishing the crime of breaking and entering freight cars; appropriating \$10,000 for an Iowa semi-centennial celebration at Burlington. In the senate the house resolution providing for an exhibit at the Tennessee centennial, to be held in Nashville, was adopted.

Rejected Lover's Crime.
Talbotton, Ga., April 7.—Miss Sallie Emma Owen was shot and instantly killed Sunday night at 9 o'clock in the parlor of J. H. McCoy's residence by Dr. W. L. Ryder, a dentist. Ryder was a lover of Miss Owens. It is presumed that she refused to marry him, and that he was frenzied with jealousy at the existing friendship between his rival and the young lady. Miss Owen was a graduate of Wesleyan female college, belonged to one of the wealthiest and most aristocratic families in Georgia, and was a social favorite wherever she was known. Ryder was captured by a posse a few miles from town at 11 o'clock. He had made an unsuccessful attempt at suicide by cutting his throat.

THINK THEY WILL CARRY MILWAUKEE.

George R. Mahoney Advances the Idea That the Cream City Will Go Into His Column by One Thousand Majority—Other Political News and Notes.

Milwaukee, Wis., April 7.—George R. Mahoney, chairman of the democratic county committee, is confident that the democrats will carry the city by from 1,000 to 1,500, make large gains in the common council and probably control that body. Chairman Fribrantz, on the other hand, was confident that the republicans would carry the city by 5,000. The indications are that the republicans will be successful by reduced majorities and they may lose one or two seats in the council.

Chicago, April 7.—Municipal elections were held Monday in all towns of Michigan except Detroit and Port Huron, in Cleveland, and most Ohio cities except Cincinnati, in some of the cities of Iowa, and in scattered towns in Minnesota, in several cities of Connecticut, in a few towns in Illinois, in North Dakota towns and in Montana. In almost all the contests local issues were to the fore, and national political lines in many instances were not drawn. In some Ohio and Michigan cities the democrats made gains over last fall, while in others considerable republican gains are shown.

Want Kentucky's Support.

Indianapolis, Ind., April 7.—Now that Secretary Carlisle has announced that he will not be a candidate for president, the political managers of Gov. Matthews will see if it is not possible for the state of Kentucky to support the governor. They believe, they say, the governor has some claim on the Kentucky democracy. He is a native of the state, and has a good many ties down there still. Henry Watterson will be asked in a day or two if anything can be done for the governor in the state.

Negroes Protected in Voting.

New Orleans, La., April 7.—The negroes voted in the municipal election Monday at Opelousas, but it was only through the presence of the militia that they were allowed to do so, as the white supremacists, or regulators, say openly that had not the troops been on hand not a single negro would have been allowed to cast a vote. The registration for the general election opens today at Opelousas. The troops will remain until it is completed.

McKinley Is Victorious.

Louisville, Ky., April 7.—In Louisville and Jefferson county Monday and until 9 o'clock in the evening was waged the hottest campaign inside the republican party in years. The contest was between the Bradley and McKinley managers, and at a late hour every indication pointed to a McKinley victory. The result of other contests gives Bradley five counties, with 81 votes, and McKinley five, with 79 votes. Hart county (15) was uninstructed.

The son died five hours afterward at St. Luke's hospital. The dead: LAATEN, JOHN JR., aged 20 years. The injured: Laaten, John, Sr., aged 50 years; seriously.

London, April 7.—A Paris dispatch to the Standard says: "The impression is steadily growing that the Bourgeois cabinet is within measurable distance of its end. Its revolutionary tendencies and its diplomatic blunders have met with the disapproval of Russia. Therefore M. Bourgeois' task is extremely complicated and difficult."

CUBANS ARE FREE SAYS UNCLE SAM

UNITED STATES RECOGNIZES THEIR BELLIGERENCY.

Text of Senate Concurrent Resolutions Adopted by the House—Vote Is 244 to 47—President Need Not Sign the Resolutions To Make Them Effective.

Washington, April 6.—The house of congress on Monday adopted the senate concurrent Cuban resolutions, so that now both legislative bodies of the United States government have put themselves on record in regard to recognizing the belligerency of the insurgent army which has been waging war for freedom in the "Gem of the Antilles." The resolutions which were adopted are as follows:

"Resolved by the senate (the house of representatives concurring). That in the opinion of congress a condition of public war exists between the government of Spain and the government proclaimed and for some time maintained by force of arms by the people of Cuba; and that the United States of America should maintain a strict neutrality between the contending powers, according to each all the rights of belligerents in the ports and territory of the United States.

"Resolved, That the friendly offices of the United States shall be offered by the president to the Spanish government for the recognition of the independence of Cuba."

There were 244 votes in favor of the resolutions, and only 27 against them. New England furnished eleven of these, New York six, and the south ten. The west voted solidly for the resolutions. The speaker was about to declare the motion carried when Mr. Hitt asked for the yeas and nays. Yielding to the appeals of many members, however, he withdrew it.

Mr. Boutelle (rep., Maine), who had made himself conspicuous by his opposition to the report, made no effort to secure the yeas and nays and the report would have been declared adopted did not Mr. Tucker (dem., Va.), a member of the foreign affairs committee, who has opposed the Cuban resolutions, at this juncture step forward and demanded a record-making vote, and the roll was called with the result given above.

The whole proposition of recognizing the Cubans is now up to President Cleveland. It is declared that the Spanish people take the adoption of the resolutions as a declaration of war and that they are in a frenzy. Many of them insist on fighting the United States at once.

The reading of the river and harbor appropriation bill consumed one and one-half hours. At the conclusion of the reading Mr. Hooker asked that the time for debate be extended until 4 o'clock. Mr. Hepburn (rep., Iowa) protested, saying that the bill involved the appropriation of \$63,000,000. He suggested that the time for debate be extended until 5 o'clock.

Mr. Dockery (dem. Mo.) led the opposition to the bill. He favored, he said, just appropriations for the great waterways of the country, but he did not believe such appropriations should be obtained by the improvement of unimportant streams. This bill carries liabilities amounting to over \$50,000,000, which, with the amount actually appropriated, made it aggregate over \$62,000,000. Such an enormous bill, he submitted, was entitled to the careful consideration of the house under the ordinary rules, which would allow the debate and amendment of each paragraph. He denounced it as a high-handed proceeding.

After Mr. Wheeler (dem., Ala.) had given his indorsement to the bill, Mr. Hepburn (rep., Iowa) made a sensational speech in opposition to the measure. He said that in the last ten years there has been expended through the Mississippi river commission \$29,000,000. Most of it was money thrown away.

The scheme of the Mississippi river commission, he declared, had been a fraud from its inception. Its real purpose was to reclaim swamp lands given to the state on condition of their reclamation. The net result of this vast expenditure of money, he said, had been an average deepening of the channel of only eighteen inches. It has cost the government \$400,000 to secure an additional depth of one inch for forty miles of the river. For the Hennepin canal, he continued, a great project to connect the Mississippi river with the eastern waterways, this bill contained the magnificent appropriation of \$25,000 and the possibility of a contract for its completion extending over ten years. He favored this important work, but he wanted to demonstrate the viciousness of the system on which the bill was framed.

Mr. Catchings (dem., Miss.) who was chairman of the river and harbor committee in the last congress, replied to Mr. Hepburn's speech. He declared the statement that two-thirds of all the money which had been appropriated for that river had been expended in the construction of levees was untrue. Eleven of the \$26,000,000 had, he said, gone into the construction of levees along the banks of that river. During the same time the riparian owners had expended the enormous sum of \$14,000,000, so that the work has gone along by a system of co-operation between the federal government and riparian owners.

Mr. Hooker, chairman of the committee,

tee, in closing the debate, indignantly referred to Mr. Hepburn's attack. While the bill carries authorizations for contract work in Maine for over \$1,000,000, but \$40,000 was actually appropriated; while it authorized \$1,000,000 for Boston harbor, not a dollar was appropriated, and of the \$4,400,000 referred to as appropriated for New York, one item (that of Buffalo) exceeded \$2,200,000, for which not a dollar was appropriated. He thought Mr. Hepburn's criticism has been manifestly unfair. He concluded by demanding a vote. In response to the speaker's request for the yeas the house seemed to rise en masse. Only here and there a member retained his seat. On the rising vote 206 voted in the affirmative and but forty in the negative.

Pacific Railroad Funding Bill.

Washington, April 7.—The sub-committee of the house and senate committee on Pacific railroads has completed the funding bill for the Central and Union Pacific, on which they have been engaged for several weeks. Several changes have been made in the bill since the first draft was drawn. The annual payment during the first decade of the arrangement was raised from \$300,000 to \$365,000. The annual payment for the second decade was raised from \$500,000 to \$550,000, and the annual payments by which the remainder of the debt is to be lifted remain at \$750,000. The most important change is the addition of the following clause: "Said companies shall at all times afford to all other lines of railroad equal and reasonable facilities for making connections with them, or either of them, and equal facilities for the transportation of passengers and freights thereon."

Proceedings in the Senate.

Washington, April 7.—The senate spent the entire day Monday on the postoffice appropriation bill, but did not complete it. The bill served to bring out some sharp criticisms by Senator Gorman on the administration of the postoffice department, and by Senator Allen on alleged irregularities resulting from the civil service system. Mr. Allen spoke for the retention of the old system with its country postmasters and arraigned civil service as a farce. He repeated many sensational charges as to campaign contributions. An agreement was reached to vote on the postoffice bill at 5 p. m. today.

WANTS TO MAKE A DEAL.

Quay Said to Be Weakening in His Opposition to McKinley.

Jacksonville, Fla., April 7.—An interesting story anent the presence of Matthew S. Quay and Thomas C. Platt in this state is told by McKinley's Florida leader, who reached here from Washington Monday. This gentleman, who is chairman of the state republican committee, says that Quay is weakening in his opposition to McKinley and is willing to cease fighting the Ohioan under certain conditions. Mr. Quay's change of heart in regard to McKinley came after the New Hampshire convention with its double-barreled resolutions in regard to Reed and McKinley. Quay saw McKinley's Washington manager, who is an Ohio congressman, and said that he was not unfriendly to the Ohio man and would cease to fight if assured of fair treatment of himself and friends in the matter of federal patronage. If McKinley should be elected Quay was told that he and all other members of the combine would be treated fairly by McKinley, save Platt. "Platt," said McKinley's manager, "is destroying the republican party in New York to build up a personal machine, and he will get no recognition from McKinley." Quay said he would consider the matter, and a few hours later he and Platt were enroute to Florida. Platt and Quay were in consultation here for hours Sunday night.

MAY EXPEL MISSIONARIES.

Trade to Such an Effect Believed to Have Been Signed by the Sultan.

London, April 7.—The Daily News and the Chronicle have a report from Constantinople, said to be on the best authority, than an imperial irade has decreed the wholesale expulsion of all Christian missionaries from Armenia, who are mainly French Catholics and American Protestants. The Daily News says: "There is reason to believe that the sultan has signed this decree but that it has not yet been issued. It is Lord Salisbury's obvious duty to leave no diplomatic stone unturned to prevent the threatened disaster. No doubt Mr. Riddle, the United States Charge d'Affaires, will act with energy."

The Chronicle thinks the irade is aimed at the agents of the relief fund, and is due to the fact that the missionaries give publicity to the massacres. The Chronicle believes that Lord Salisbury could count upon French as well as American support in demanding the withdrawal of the irade.

MURDERS WIFE AND SON.

Atrocious Crime in Hamilton County May Result in Lynching.

McLeansboro, Ill., April 7.—One of the most atrocious crimes ever committed in Hamilton county occurred in the German settlement, eight miles north of here, Sunday afternoon about 5 o'clock. Ben Boehmer, a well-to-do farmer 40 years of age, cut his wife's throat and hanged his 6-year-old son to a rafter in his stable. After committing these deeds he covered the bodies with fodder corn to hide his crime, and made his escape to the woods. Boehmer an dhis wife had had trouble for some time over religious differences, he being a non-believer in Catholicism, while she was a Catholic. Sheriff Buck and several deputies went in pursuit of him, and he was captured near Carmi, Ill. A great deal of excitement prevails in the German settlement, and lynching is strongly talked of, but it is not thought that Sheriff Buck will bring Boehmer here until the excitement subsides.

CARLISLE IN THE RACE.

A Friend Says He Is in the Hands of His Supporters.

Washington, April 7.—Notwithstanding his letter given to the public Sunday night, Secretary Carlisle is looked upon as a candidate for the democratic nomination for president. One of the secretary's most intimate friends said: "Mr. Carlisle was never a candidate for any office. It is not his method. His letter simply says he will not seek the place, but places himself in the hands of his friends. He has always done this, and his conduct in this matter is in harmony with his past performances. Mr. Carlisle wants his state to indorse him for president, and Kentucky will do it. The secretary will be a candidate before the Chicago convention, and we hope to see him nominated."

Carlisle and Harvey May Debate.

Chicago, April 7.—The proposed visit of John G. Carlisle, secretary of the treasury, to Chicago to address the workmen of this city has taken on a new character. It may develop into a discussion of the money problem between him and W. H. Harvey. Today a communication will be sent to Mr. Carlisle by the committee asking him if he will meet Mr. Harvey, and if his reply is favorable arrangements for the meeting will be completed accordingly.

In each package of Sprague, Warner & Co.'s Diamond brand coffees, Perfection baking powder, spices and extract they place a part of the puzzle that when all parts are complete and the puzzle sent to the house will procure for the lucky person a \$100 high grade Defender bicycle. C. A. Sanborn & Co., the Milwaukee street grocers, handle Sprague, Warner & Co.'s goods and it was from one of the packages bought at their store the piece necessary to complete this puzzle was found by Mr. Kilmer. Many people have had the puzzle finished with the exception of one part, but so far Mr. Kilmer is the only person to find it. Mr. Sanborn forwarded the complete puzzle to Sprague, Warner & Co. a few days ago, and this morning received the bicycle. It is of dark blue finish, and is remarkably handsome from every point, and is strictly high grade. It has been purchased by Mr. Sanborn from Mr. Kilmer, and will be placed on exhibition in the show window of his store surrounded by Sprague, Warner's goods as an advertisement.

A Surprise to All—A Farewell Benefit

W. Tea Vankirk, the original grocer and tea dealer, after a continuous and successful career of thirty-eight years on Main street, has decided to retire from the retail grocery business in May next, and offers his excellent stock of staple and fancy groceries for the next sixty days at cost for all choice goods; and many goods needed in the family every day, at much less than cost. This is a rare opportunity at this season of the year, as he offers to sell reasonable bills of all staple and fancy groceries on six months' time for good notes bearing six per cent. interest. Now is the time to buy, and Vankirk's is the place.

MRS. ELLA STETSON PLANS A TOUR

Paris Newspaper Speaks of the Janesville Artist's Future Movements. The Paris edition of the New York Herald has the following notice of Mrs. Ella G. Stetson, daughter of Mr. and Mrs. D. C. Burdick, of this city: "Mrs. Ella G. Stetson, of Chicago, an artist who is well known through the exhibition of her pictures at the World's Fair, and other exhibitions, who has been in Paris during the past year, pursuing her studies in art, leaves soon for a continental tour, visiting all the places of interest in Southern France, Switzerland and Italy."

JOHN DAY DROWNED
IN A MADISON LAKE

A JANESVILLE COLLEGE BOY'S
TRAGIC DEATH.

Boat Was Capsized While the Racing Crew Was Practicing, and the Popular Bower City Man Lost His Life—Remains Brought Here This Noon.

In the icy waters of Lake Mendota at Madison, John Day, son of Mr. and Mrs. J. S. Day, of this city, sank to rest at 4:30 o'clock yesterday afternoon, his four companions escaping a similar fate almost miraculously.

At noon today the remains accompanied by the heart broken parents arrived in Janesville on the C. & N. W. road.

The funeral will be held from All Souls church at 3:30 o'clock tomorrow afternoon. A delegation will come down from Madison on the 3:05 train, and the members of the University boat crew will be honorary pall bearers.

The pall bearers will be Volney D. Atwood, S. L. Sheldon, Charles Sutherland, Frank Reynolds, Harry Ragart and Frank Vankirk.

It was shortly after 4 o'clock yesterday afternoon, when Andrew O'Dea coach of the university rowing crew and L. C. Street, of Dixon, Ill., a substitute on last year's crew, took out one of the new "doubles," as the two oared racing shells are called, for a spin on the lake. All of the ice is not yet off the water but there is large open space near the university.

The other boat was manned by John Day and C. O. Conville of La Crosse at the oars, and P. J. O'Dea as coxswain. The two former rowed on last year's crew and the latter is an Australian oarsman and athlete who is visiting his brother here.

Street and O'Dea rowed westerly toward Picnic point, a distance of a little over a mile. A quarter of a mile from the point they were swamped by the breakers.

Day's Boat Also Overturned.

The other boat in which were Day, McConville and P. J. O'Dea, was swamped when about half a mile from shore. Day was the only man who could not swim. He held to the boat for about fifteen minutes, but became exhausted and was washed from the boat, not having strength enough to again reach it. The two others were brought to shore in an exhausted condition. Street and O'Dea were in the water for over half an hour. The latter was struck on the head by the corner of the boat. When a boat reached him he was lying on top of the shell in an unconscious condition. He did not recover consciousness for over an hour.

As soon as the news reached the city, searching parties began to look for the body, and at 10 o'clock last night it was found. Mrs. Day was in Madison at the time, and her husband was notified by telegraph, leaving for the Capital City at once.

Day Was Very Popular.

John Day was one of the most prominent students in the university. He was probably the best all around athlete in the state. He was 19 years old, weighed 161 pounds and was 6 feet 1 1/2 inches in height. He pulled number three on last year's crew, and was one of the best pole vaulters and high jumpers in college. He was president of the sophomore class during the last semester and was to take part in the annual university oratorical contest Thursday.

Janesville people who have known and admired the manly young man, will sympathize with the parents who are so sorely afflicted. The announcement of his tragic demise was a great shock to Janesville people.

Funeral of Theodore Robinson.

The funeral of Theodore Robinson, the artist, who died last week in New York, was held yesterday in the M. E. church in Evansville, Rev. Dr. Faville of La Crosse, officiating. The pall bearers were selected from his old schoolmates. The floral offerings were beautiful, a number being furnished by the Artists' Club of New York, of which he was a member.

Joseph Scott.

Joseph Scott, the infant son of Mr. and Mrs. Frank Scott, died at the home of his parents, in the town of La Prairie, yesterday, aged two years and five months. Nervous prostration was the cause of his demise. The funeral will be held from the house Wednesday afternoon at 1:30 o'clock. The interment will be in the cemetery at Emerald Grove.

Funeral of Carl Edwin Koch.

The funeral of little Carl Edwin Koch was held from the residence, 401 South Jackson street, at 4:30 o'clock Sunday afternoon and the interment was made at Oak Hill.

BELOIT BOYS SING AND PLAY.

College Clubs Made Their Appearance at the Myers Grand Last Night.

The "boys of Beloit College" sang and played at the Myers Grand last night, and pleased a Janesville audience immensely. The clubs are both strong organizations this year. The Mandolin club is especially good, and the musicians showed a delicacy of touch that was very effective. Much hard work is shown by the finished manner in which their selections were rendered, and their efforts called forth enthusiastic applause.

The Glee club is especially strong in the bass parts, which fast added much to the harmony and "balance" of the music. W. B. Olds and A. J. Boynton are the soloists and both have been heard in Janesville several times before. Following the concert a reception was given the clubs at the armory. The concert program was as follows:

THE COUNCIL MET LAST NIGHT

Short Session Held and Little Business Was Done.

A short session of the common council was held last evening. Aldermen McLeah, Smith and Inman were absent, and City Treasurer Fathers acted as clerk in the absence of Clerk Lader.

L. R. Treat asked for permission to move his frame building in order that he might build a brick block adjoining that A. C. Kent block, and it was granted.

Mrs. Henry Harris was also granted permission to build an addition 16x20 feet on her North Bluff street residence.

The report of the municipal court was received, referred, reported back as correct, and ordered filed, and City Engineer Bleedorn's profile of the grade on Racine street, was also similarly disposed of. The report of Chairman Heddles of the finance committee recommending the payment of a number of bills was adopted, after which Acting Clerk Fathers presented an ordinance to amend an ordinance entitled "an ordinance to establish the width of sidewalks on the streets therein mentioned," by which the width of the sidewalks on each side of Jackson street between West Milwaukee and West bluff streets is fixed and established at twelve feet.

Alderman Winslow stated that A. C. Kent desired to put in a sewer from the center of Main street to the river on the south side of Court street. The total cost would be \$156.66. Mr. Kent would pay for the pipe, \$86.00, if the city would pay the balance, \$70.66, and the sewer would be the property of the city. The matter was referred to the sewerage committee, and the council then adjourned.

IMPORTANT TO SUFFERERS.

HOW YOU MAY OBTAIN A LASTING CURE FROM PILES.

No Surgical Operation, No Pain, Trifling Expense—A Simple, Harmless Remedy, But It Does the Work.

There are some people who have piles as frequently and regularly as other people have colds.

Any little bowel trouble will bring them on, any extra exertion, as in lifting, will produce them, and in fact will often appear without any apparent provocation. Piles, however, are much more serious than a cold, as the tendency is always to grow worse until the trouble becomes deep seated and chronic, or develops into some fatal rectal disease.

While there are many pile remedies which give relief, yet there is but one which not only gives instant relief but at the same time makes a permanent cure, and that is the well known Pyramid Pile Cure.

This remedy is composed of simple, harmless, vegetable ingredients, but combine so effectively and act so promptly and thoroughly that it cures every form of piles whether itching, blind, bleeding or protruding.

In long standing cases the Pyramid Pile Cure has proven to be the only certain cure except a surgical operation, and its advantages over an operation are many, as it is painless, causes no delay or interference with daily occupation and, last but not least, is cheaper than any surgical operation could possibly be, costing but a dollar a package at any drug store.

The cases that the Pyramid Pile Cure will not reach are so few that physicians are doing away with operations for piles and depending on this cheap but effective remedy to accomplish a complete cure, and it never disappoints except in cases beyond the reach of medical skill.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co. of Albion, Mich., and for sale by druggists everywhere at 50 cents per package. Each package contains a treatise on cause and cure of piles, together with testimonials from every section of this country.

THIS DAY IN HISTORY.

1780—Dr. William Ellery Channing, distinguished Unitarian divine and one of the most eloquent American writers, born at Newport, R. I.; died 1842. Dr. Channing inherited high moral worth and intellectual powers from both parents. At his graduation from Harvard the English oration, an exceptional honor, was assigned him.

After holding a tutorship in a family in Richmond he traveled in Europe. On his return he became active in public questions, was an abolitionist and a peace advocate. Dr. Channing's merits as an orator and writer were a clear, elegant and forcible style and an unyielding devotion to truth.

1888—General Quincy Adonis Gilmore, Union commander on the Carolina coast, died; born 1825.

1892—Right Rev. William Ingraham Kip, first Protestant Episcopal bishop of California, died in San Francisco; born 1812.

1894—Ben King, the western poet and humorist, died at Bowling Green, Ky.

The republicans in congress have done all in their power to secure legislation to provide the government with the revenue it needs, now let them hurry up with the appropriation bills and adjourn. The right legislation will be adopted when the republicans control both branches of congress and have a president.

The New York Herald registers the following guess at the first ballot of the St. Louis convention: McKinley, 382; Allison, 38; Morton, 69; Reed, 152; Quay, 53 and doubtful 163. 455 votes will be required to nominate.

Colonel Henry Watterson gives his one-time friend this side swipe: his lecture on Lincoln: "I gather from what I have seen of Lincoln that he was no civil service reformer of the style of Grover Cleveland."

While the democrats are taking part in the celebration of Jefferson's birthday, at Monticello, Va., they might utilize the opportunity to select a site for the grave of the democratic party.

Think of seriously discussing the probability of Texas going republican. That is just what those who are best informed about politics in that state are now doing.

Reciprocity was a success until repealed by the democratic congress. It will be a part of the policy of the next republican administration.

Hoke Smith has once more undertaken to explain to the Georgia voters why he changed his mind about silver, and Mr. Crisp has taken the job of showing up the errors in the explanation.

Don Dickinson will find chasing rain more expensive and dangerous than chasing rainbows.

MRS. GOOLD'S GRATITUDE

HOW SHE WAS RESTORED TO HEALTH.

Condition Before and After the Birth of Her Child.

From every city, town and hamlet on this vast continent, come letters from suffering women; from those whose physicians have been unable to assist them, or from that numberless class whose confidence in Mrs. Pinkham's advice and the curative properties of her Vegetable Compound is unbounded.

Every letter received from women is recorded, and hundreds of volumes of cases treated aid in furnishing practical information for the women of to-day. No letters are published without the request of the writer. The strictest confidence is observed. The following letter represents thousands:—

"I always enjoyed good health until six months before the birth of my babe. Then I was very weak; my back ached all the time. My physicians said I would be all right after the birth of the child, but I was not, although at that time I had the best of care. The pains in my back were almost unbearable. I had leucorrhoea in its worst form; menstruations were painful.

"Any work or care would entirely unnerve me. When my babe was 11 months old, friends persuaded me to take Lydia E. Pinkham's Vegetable Compound. Before I had taken one bottle I felt the effects. My back did not ache so badly, and I felt stronger. After taking four bottles I felt well. My ambition returned, menstruations were painless, leucorrhoea entirely cured, and I could take care of my babe and do my housework. I shall always recommend your Vegetable Compound for all women, especially for young mothers."—Mrs. H. L. GOOLD, Oregon, Wis.

If Mrs. Goold had been well before the birth of her child, subsequent suffering would have been avoided. Lydia E. Pinkham's Vegetable Compound should always be taken before and after birth, in order that the system may withstand the shock.

NO INTEREST SHOWN
IN THREE WARDS

ONLY THE THIRD AND FIFTH
LIVELY.

Lightest Vote Polled Since 1893. According to Figures Taken at Three O'Clock—Macloon Makes a Good Showing in the Fourth—How the Votes Came In.

At three o'clock this afternoon, 1,883 votes had been cast.

In 1893, at that hour, 2,039 had been cast; in 1894, 2,500, and in 1895, 1,946.

Only two wards showed a vote up to the average at 3 o'clock. These were the Third and the Fifth.

The Fourth did well in one precinct but the River street side of the ward was slow.

In the Third the earth was raked with a fine tooth comb. It was not a fight on party lines—it was a personal matter, although the candidates themselves did not have a share in it. Sylvester Morgan and James Mount led the opposition to Alderman Winslow.

The biggest vote from the Fourth came from the Second precinct which was regarded as favorable for W. H. H. Macloon.

The First and Second wards were peaceful. Republicans seemed to have it all their own way.

In the Fighting Fifth.

No blood was shed in the Fifth. Alderman McLean had not appeared at the polling place at 3 o'clock, but Alderman Smith was on hand and took personal charge of his canvass. Smith men claimed they were intimidated by White-Lighters, but the members of that redoubtable organization kept their distance for the most part and massed behind George Kastner's elevator. At 3 o'clock none of them had voted.

The city ticket got less scratching, from all appearances than the ward ticket in the Fifth and Third wards.

The election officers in the different wards today were:

First Ward.

First Precinct: Inspectors—J. P. Baker, M. J. Sullivan, W. H. Ashcraft. Clerks—George Woodruff, John M. Nelson. Ballot Clerks—Martin Dunn, F. D. Murdoch.

Second Precinct: Inspectors—W. B. Britton, G. H. Davey, T. Dowling. Clerks—N. O. Clark, H. Garbutt. Ballot Clerks—J. A. Denniston, Cal. Rose.

Second Ward.

First Precinct: Inspectors—G. R. Kneff, W. M. Eldredge, J. H. Balch. Clerks—O. H. Daly, F. F. Pierson. Ballot Clerks—C. J. Myhr, G. H. Rogers.

Second Precinct: Inspectors—R. P. Young, J. F. Hutchinson, A. C. Jenkins. Clerks—O. A. Stanton, John Ehringer. Ballot Clerks—J. F. Willey, D. McGinley.

Third Ward.

First Precinct: Inspectors—George J. Davis, D. W. Watt, W. J. Skelly. Clerks—H. D. Murdock, C. O. Russell. Ballot clerks—C. A. Glass, Elmer Skelly.

Second Precinct: Inspectors—W. E. Clinton, W. F. Baines, I. C. Browell. Clerks—S. S. Higbee, F. Roelsing. Ballot Clerks—Al. Smith, C. F. Lester.

Fourth Ward.

First Precinct: Inspectors—Henry Hemming, John McKeigue, George Scardiff, Jr. Clerks—M. G. Curtis, P. Murray. Ballot Clerks—C. Carpenter, C. E. Curtis.

Second Precinct: Inspectors—S. A. Chase, August Guggs, Frank Sanner. Clerks—Eugene Hemming, W. E. Spicer. Ballot Clerks—Geo. N. Hubbard, G. E. King.

Fifth Ward

Inspectors—H. M. Joyce, C. E. Church, George Croft. Clerks—Wm. Kammer, E. W. Childs. Ballot Clerks—J. A. Sutherland, L. F. Daly.

The Vote at 3 O'clock.

The vote by wards at 3 o'clock as compared to the vote in previous years was as follows:

The vote at 3 o'clock compares with the votes of 1893, 1894 and 1895 at that hour as follows:

THINKS COOPER WILL BE NAMED

Racine Journal Predicts That He Will Have No Opposition.

The Beloit Free Press reprints the following crediting it to the Racine Journal: The course of events indicate that Hon. H. A. Cooper will be renominated for congress without opposition. The nomination could not come to a more worthy man, and that he has well and faithfully represented this district goes without saying. He has been diligent in the service in the post of duty at all times and has neglected no opportunity to advance the interests of his district. A faithful congressman will not only have been honored by the confidence of his constituents, but his people will have secured the services of a conscientious and most efficient congressman. It would be well if the country had more such men as the Hon. H. A. Cooper.

Y. M. C. A. BALL TEAM
HAS BEEN CHOSEN

BASKET GAME CHAMPIONS ARE
SELECTED.

They Will Represent the Association in the Contest with Milwaukee Unless Other Players Yet Outdo Them—Making Vital Tests—Gossip of the Organization.

Janesville's crack basket ball team who will represent the local Y. M. C. A. in the game with the Milwaukee team was selected this morning, the gymnasium committee consisting of S. M. Smith, T. W. Goldin, G. M. McKey and A. P. Burnham met for that purpose and from a field of sixty four young men selected the following who constitute the "first team." The first game to be played with the Y. M. H. J. Cunningham, A. K. Wheeler, W. A. Johnson, H. C. Carpenter, S. L. Sheldon, S. M. Smith, Fred Palmer, Roy Wisner, H. L. Brown, Brown Fleet.

Anyone showing a better average during the next two weeks will be substituted for any one on the list whose makings may be exceeded.

Track Team To Be Formed

An all-around "track team" will soon be selected and put to work, the object being to determine if the local association can earn a place in state work and represent the state in the inter-state meet at Lake Geneva in July. The local association expects to send the largest delegation of any in Wisconsin. The entire cycling club will wheel over to the lake this summer, so as to cheer the boys in the contest.

One of the principal out-door features of the association will be lawn tennis. An effort is now being made to secure ground near the building that would be large enough to accommodate two courts. The selection of a club will soon be made.

Make Physical Examination.

Physical examinations will be made this week from 3 to 4 p. m. each day, when Dr. Loomis will be at the building to make vital tests in the Junior department. High school classes will be examined Friday afternoon from 4 to 5 and all others will be seen to between 5 and 6 o'clock.

STILL ANOTHER REDUCTION.

Small Sizes in Shoes Will Be Cut in Price.

We have made a still greater reduction in ladies' footwear. The small sizes, that is to say shoes from No. 2 to 3½ will be sold for \$2. There are high grades marked in these sizes the same as the larger shoes. Cousins', Foster's and makes of that type that never go for less than \$4.50 and \$5 are prominent in the stock. We are still having a tremendous run. Yesterday we had a great deal to do. We sold many shoes at \$3 a pair. People took from one to three pairs in many cases. Its proper opportunity to lay in a supply of footwear for the time to come. High grade, late style shoes won't be so cheap again. We couldn't sell them for what we are asking now if it were not a case of compulsion. Becker & Woodruff.

WHOLE FAMILY SICK
IN ONE SMALL ROOM

MRS. COOK AND CHILDREN IN
POOR CIRCUMSTANCES.

Lived in the Room with a Corpse Until Miss Kimball Called, and Cared For It—Mother and Four of Her Offspring Afflicted with the Measles.

A pitiful case of suffering, where an entire family had been cooking and living in the same room with a corpse, has been reported to the authorities.

The family is composed of Mrs. Mary Cook and her five children. They reside on Pleasant street, near the corner of River. The husband has been dead some time and they have been in poor circumstances ever since. Money earned by taking in washing has been their only means of buying food, and the wolf has never left their door. Saturday morning the oldest child, a girl of seven years, was taken ill with measles and died about 8 o'clock. The corpse remained in the room until taken in hand by City Missionary Mary Kimball, who called upon Undertaker Frank Kimball, John Nelson and C. C. McLean. They kindly rendered services free of charge and the remains were buried this afternoon at Afton. The mother and the four remaining children are now ill with the same disease and are being looked after by the city authorities. The facts were but recently learned, but the family will receive due attention in the future. They reside in one small room.

WRONG & RIGHT EATING.

One Makes Us Weak; The Other Makes Us Strong.

Wrong eating makes us weak, because it doesn't nourish us. It poisons us, because it sets up poisonous fermentation in our stomach and the poisons go into our blood.

Wrong eating is eating indigestible food, or eating more than our stomach is able to digest.

Right eating is eating digestible food, food that the stomach is able to digest, food that will nourish you when it is digested.

Right eating strengthens and invigorates the body, gives endurance, increases weight and restores health.

Wrong eating can be made right by taking the Shaker Digestive Cordial. This preparation, made by the Shakers from simple herbs, roots and wine, is delicious, refreshing and strengthening to the body. It is a powerful aid to digestion.

It does not act by strongly stimulating the stomach, but with its own digestive ferments acts on the food in the stomach, and reduces, instead of increasing, the work which the stomach has to do.

This is why it increases your strength, why it will cure you of all the bad effects of indigestion and of insufficient nourishment, and purifies your system of all dangerous indigestible poisons, when nothing else has been found to relieve you.

At druggists. Ten cents for a trial bottle.

ERIE MEDICAL CO., BUFFALO, N. Y.

HO! FOR MISSOURI.

There is certain to be a decided activity in the sale of Missouri farms this year. During the last six months inquiry for improved farms in Missouri has been greater than ever before. There is no part of the West where more inviting prospects abound for the farmer, and but for the hard times all over the country there would be an actual boom in Missouri. The farmer who is looking for perpetual summer and never failing deposits of moisture, land that will raise abundant crops, and other Eden-like conditions, which everybody would like to have, will search in vain for those conditions, but if he will stop in Missouri and settle down to business he can approach nearer to his ideal than he can anywhere else in the Union. It has been the experience of Missouri farmers, that they have had as many blessings of Nature and as great a degree of prosperity as those of any other section of our great country. Missouri no longer turns the cold shoulder to home seekers. There is not a nook or corner of the state where the security of property, now, is not as well assured as in any other state in our land. Taxes are generally very low, and very much lower than they are in Wisconsin. Political opinions are no bar to the enjoyment of every right of citizenship. Sure crops, ample transportation for all products of the soil, convenient markets, cheap fuel, mild climate, abundance of timber of all kinds, pure water, nutritious grasses, blue grass pastures, and above all her vast crops of all kinds of fruits are among the advantages to the farmer. No state or locality leads MISSOURI in the production of fine fruits. Not even France or Spain, with their vast vineyards, have any advantages over Missouri in fruit-growing. In four years' time we have sold over \$300,000 worth of improved farms in Missouri. We are now prepared to sell improved farms, in thickly settled locations with lands as good as any in Wisconsin, at from \$20 to \$40 per acre. We can furnish excursion rates to Macon, Mo.

TEN DOLLAR BILL FOR THE BEST AD

GAZETTE'S APRIL OFFER TO
ITS FRIENDS.

The Person Who Comes Nearest to
Picking Out the Best Ad From The
Gazette Each Day in April Will
Be Presented With a Crisp Green-
back.

A ten dollar bill—crisp and fresh—
hangs in a frame, in the Gazette office.
What is it for?

Just this.
In every issue of The Gazette there
appear a good many pretty good ads
and a good many pretty poor ones.

The good ones bring profit to the
advertiser and cause his face to be
wreathed with smiles.

The poor ads cost just as much, but
produce less result, and induce a loss
of faith in the value of advertising.

This is all wrong!

We want more GOOD advertise-
ments.

The way to make a good advertise-
ment is to try to make a good one—
try hard.

To encourage good advertising The
Gazette inaugurates this friendly con-
test.

The \$10 bill goes to the reader who
selects the best display ad that ap-
pear in The Gazette during April—one
each day.

These are the conditions:

One display ad. is to be clipped from each
issue of the Daily Gazette for April and marked
with voter's name and the date of issue.

The bunch of advertisements—one from each
issue in April—are to be mailed to the Gazette
before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they
choose.

The best ad. for each day will be determined
by counting the ballots sent in at the end of the
month. No ad. is to appear twice in one list.

The contest is confined to display ads—not
reading notices or locals. Janesville ads only.
Size, the typographical beauty and verbal
cleverness are not the essential qualities. The
"best ad" under the terms of this contest, is
the one that seems likely to draw the most busi-
ness. No matter if the wording be clumsy and
and the typography poor, the ad. that brings re-
sults, is the best ad. the world over.

The ad. that makes a hundred people say
"That's a fine ad" is good, but the ad. that makes
a dozen people buy, is better.

Read these conditions carefully, sub-
scribers and non-subscribers, and get
your scissors ready.

The old man who looks out
at the world with clear and
healthy eyes cannot help feel-
ing great gratification at the
thought that his children have
inherited from him no weak-
ness nor tendency to disease.
The healthy old man is the
man who has throughout his
life kept his digestion good
and his blood pure. Not one
in a thousand does do it.
Germs go through the healthy
body without effect. Let them
once find lodgment or let them
find a weak spot, they will de-
velop by the million and the
blood will be full of them.
Instead of giving strength to
the tissues, it will force upon
them unwholesome and innu-
tritious matter, and the man will lose flesh
and the more susceptible he is to disease.
Dr. Pierce's Golden Medical Discovery is
the only medicine that absolutely and infal-
libly cures all blood diseases, and almost all
diseases are blood diseases. It isn't a med-
icine for some one particular so-called dis-
ease. It is a medicine for the whole body.
It forces out all the germs of disease, and
replaces impurities with rich, red blood.

Gentlemen:—I have been wearing a pair of your Self-Supporting Bicycle Pants for the past two months, and find them satisfactory in every respect. I take pleasure in recommending them as the easiest and most comfortable pants a bicycle rider can wear.

Yours respectfully,

AN IMPORTANT SALE OF SPRING WRAPS.

Tuesday-Wednesday, 7-8.

We will place on sale Tuesday morning a magnificent collection of Spring Wraps, in velvet, silk, chiffon, broadcloth and covert; a beautiful line of Jackets, jaunty and up to date; many styles of Children's and Misses' Jackets, 3 to 18 years; upwards of two hundred separate Skirts, and some of the nobbiest ideas in ready to wear Suits ever shown in town. The garments represent three sample lines made by three of New York City's foremost makers and we own them at figures so low that we will sell them at prices **below all competition**. Bear in mind there is not a plug in the lot; they are the swellest of swell garments, and as right as right can be, and the chance to buy such goods at the prices we make so early in the season, is something which rarely occurs.

\$1.00, \$3.00, \$5.00

Buys from a miscellaneous collection of Capes and Jackets, the styles being not quite as late as the line first mentioned, but among which will be found some very desirable wraps representing a cost of three and four times the price asked. For an inexpensive garment look at this line.

Sale opens Tuesday morning, the 7th.
